OpenBand provides local and regional telephone services in accordance with current Tariff documents on file with the State Corporation Commission and posted at: <http://www.openband.net/regulatory.html>. Tariff documents provide the terms and conditions which govern our delivery of, and your subscription to, OpenBand telephone services (*e.g., rules and regulations, customer obligations, OpenBand obligations, etc.*). OpenBand telephone services are also subject to OpenBand's posted Privacy Policy and Acceptable Use Policy, available here: <http://www.openband.net/terms.html>. Where conflicts may arise between OpenBand's posted Terms of Service documents and the current Tariff, with relation to telephone services, the Tariff language shall prevail.
